Federal Advocacy

Call to action on The Fiscal Commission Act of 2023: Your federal retirement benefits are at risk if Congress passes [The Fiscal Commission Act of 2023 \(H.R. 5779\)](#). This legislation will create a 16-member fiscal commission to search for ways to reduce the national deficit and balance the national budget. Funding for Social Security and Medicare will be targeted for cuts. **Call 844-331-0441 today! Tell Congress to vote NO on this bill and similar proposals calling for fiscal commissions that aim to reduce your hard-earned retirement benefits.** A detailed [position paper](#) about the proposed debt commission is available at <https://retiredamericans.org>.

Public Employees Benefits Board (PEBB) Update

Based on the information available to date, it appears the Health Care Authority (HCA) will recommend the PEB Board adopt a new pharmacy benefit for Uniform Medical Plan (UMP) Classic Medicare at its April 11 meeting. The medical portion of the plan will remain unchanged. The pharmacy benefit will transition to a Part D employer-managed plan - eligible for federal subsidies. With the transition to the Part D plan, retirees are expected to see a decrease in monthly premiums in 2025. Moda will remain as the plan administrator to provide continuity and a seamless transition for UMP Classic Medicare enrollees. If you are interested in learning more about HCA's proposal to the PEB Board, visit www.hca.wa.gov. This topic will dominate the agenda of the Board's next meeting on March 21. You can access the agenda, meeting materials, and obtain the Zoom link by navigating to the Retiree webpage at www.hca.wa.org. The PEB Board links are on the right side of the page. RPEC members wishing to comment during the meeting will have opportunities to do so.

State Advocacy

The Legislative session will conclude on March 7. Thus, the information included in this Letter will only be current through the date of publication. To learn more about the status of RPEC's key legislative priorities, access the bill tracker at www.rpecwa.org.

SHB 1985: Ad Hoc COLA for PERS/TRS 1 – The House passed SHB 1985 in early February and funded it in their initial budget proposal. The bill has cleared Senate Ways & Means and Senate Rules and could be voted on the floor on any day. The bill is likely to be funded in the Legislature's final supplemental budget. If the legislation is funded in the final budget act and signed by Governor, the COLA will be implemented in July.

HB 2481: Month of Death Public Employees Benefits Board Benefit – The bill waives the payment of healthcare premiums for plans managed by PEBB during a retiree's month of death. This bill also has a high likelihood of passing, given its broad support in both chambers.

SSB 5986/HB 2285: Curbing out-of-pocket healthcare costs – The bill curbs the cost for ground ambulance services for healthcare plan enrollees. The bill is supported by all RPEC's healthcare partners and has received strong bi-partisan support. It was sent to the Rules Committee on February 26.

ESB 5241: Material changes to the healthcare marketplace – This bill is designed to provide greater protections to consumers due to healthcare mergers, acquisitions, and contracting, with the goal of ensuring that consumers receive the same or greater access to quality, affordable care. The bill was sent to the Rules Committee on February 26.

Legislative Updates: The last weekly legislative update call will take place on March 8. All members are invited to attend from 2-3 p.m. The Zoom link is available at www.rpecwa.org. A final legislative session report will be issued by the Council in April and available to all members on the website. Starting in April, the monthly legislative update calls will be held the first Friday of each month. Please join us on April 5 from 2-3 p.m.

Executive Board Update

At the February 26 Executive Board meeting, the Board unanimously approved the formation of a special task force that will meet virtually to create a process, to be piloted this year and next, for regular review of the organization's governance and fiscal structures. Recruitment will begin soon. It is anticipated that the task force will begin meeting by Zoom in June. The Board also tasked the Membership Committee with developing plans to recruit and engage former union leaders and those with workplace leadership experience to become active in RPEC chapters. The Legislative Committee was tasked with embellishing the organization's federal policy and legislative agenda. The Executive Board's next meeting is on May 6 via Zoom. The link and more details are available at www.rpecwa.org. All members are invited to attend.
